FULL LINE SALES

We sell a full line of filters including dust collector cartridges, HEPA, bags, fluid and more. We can sell you new filters at substantial savings.

We can solve your filter problems by having your air filters custom made for your exact applications and operating conditions!

Save up to 50% of the cost of new filters with our Filter Cleaning Services

WHO WE ARE

Advance Filter has been in business for over 25 years at our Haubstadt, IN location with an A+ rating by the Evansville Better Business Bureau.

Advance Filter is now servicing the Indianapolis Area with a Noblesville, IN location.

WHAT WE DO

In addition to our full line of filter sales, Advance Filter is a commercial and industrial filter cleaning service designed to clean and restore quality air filters to the same or better filtering status as new which can save your business up to 50% of the cost of new filters.

WHY CLEAN

Clogged filters can shorten the life of your equipment and may result in expensive repairs or failures. A quality air filter can be professionally cleaned and reused saving you hundreds or thousands of dollars.

THE PROCESS

We professionally hand clean each filter and personally inspect every filter for any signs of damage to ensure they are performing optimally.

DO YOUR PART

Don't skimp on routine maintenance. Clean and reuse your filters and save approximately 50% or more over the cost of new filters all while doing your part to help keep unnecessary waste out of our landfills.

Satisfying Customers for Over 25 Years by Saving Money and Reducing Waste
